## I. INTRODUCTION

The youths of schools, colleges and Universities are sensitized regularly on some scourges of the Society such as DRUG and VIOLENCE. The new Evil causing ravage are DEEP FAKES AI, Revenge Porn , CGI, videos and photo manipulations. Families, couples and lives are ruined because of these immoral acts. People suffer mental breakdown, traumatized and have health problems. Blackmailers also abuse of the situation.

Chief Justice Roberts J said ' There is no better gift a society can give children than the opportunity to grow up safe and free - the chance to pursue whatever dreams they may have.' <sup>1</sup>

but what about the dangers of DEEPFAKE AI , Revenge Porn , Photos and videos manipulations ?

What about ruined lives of Minors like little angel MIA ?<sup>2</sup>

The FBI issued a warning on the matter <sup>3</sup> Malicious Actors Manipulating Photos and Videos to Create Explicit Content and Sextortion Schemes , synthetic content known as Deepfakes. Director Wray C said that artificial intelligence, or AI, "is ripe for potential abuses."<sup>4</sup>

According to Forbes <sup>5</sup>A deepfake is a method to create a seemingly real video with realistic movements and audio. You may think of it as a blend between animation and photorealistic art. Deepfakes are made from an AI-based deep database that accurately mimics people's faces and voices to the point where they are almost impossible to tell apart from the real thing. From BBC <sup>6</sup> A deepfake is an image or video that has been digitally altered with the help of Artificial Intelligence (AI) to replace the face of one person with the face of another 'immoral, often misogynistic, and a crime'."The creation of deepfake sexual images is despicable and

completely unacceptable irrespective of whether the image is shared," she said."It is another example of ways in which certain people seek to degrade and dehumanise others - especially women.

In India <sup>7</sup>Deepfakes of Bollywood stars spark worries of AI '...actors have said the videos are fake. Facebook, X and at least eight fact-checking websites have said they are altered or manipulated....'

## **II. FINDINGS**

### **The Case of MIA <sup>2</sup>**

Schoolboys allegedly used a group chat to make fun of a 14-year-old fellow pupil who is believed to have killed herself, an inquest has heard. Mia Janin, a pupil at the Jewish Free School (JFS) in Kenton, north-west London, was found dead at her family home in Harrow in March 2021. Her father, Mariano Janin, has said he believes she was cyber-bullied. Statements given by Mia's friends to the Met Police following her death were read to the inquest. Barnet Coroner's Court heard evidence that Mia was bullied at school and their friendship group was nicknamed the "suicide squad" in the months leading up to her death. Police admit losing evidence in teen suicide case Girl took her life after being bullied, hearing told Bereaved dad wants access to child's social media. They said that one of Mia's TikToks was shared to a Snapchat group chat run by male pupils at JFS, where they made fun of her. One child said the boys used the group chat to share nude photos of girls. Mariano Janin believes Mia was bullied via a chat group. The child added: "They took screenshots of girls' faces on social media and made fun of them. They shared a video of Mia's TikTok and made fun of her." They said the boys also photoshopped girls' faces onto the bodies of pornography performers. The child said that they had a conversation with Mia the day before she died, when Mia asked: "If you died would people care about you the next day?" "We laughed it off, that was all she said, it was just in normal conversation," the child said. Another child said that the TikTok video had been posted by Mia the night before she returned to school after the end of Covid restrictions. The child said that Mia had received lots of negative comments on the TikTok video from other pupils at JFS. "Mia said she was fine, but I don't think that she was fine," she said. Mr Janin told the inquest that his daughter asked if she could move school after coming home after her first day back. The inquest heard that his wife Marisa, who has since died, told Mia she could be homeschooled for the rest of the school year, and that they would look into moving her to a new school after. Mia then went to bed. Hours later, she was dead. Area coroner Tony Murphy said that there was no evidence that any images or videos involving Mia had been shared in the group chat, except for the TikTok. The inquest heard that Rabbi Cohen, former deputy headteacher at JFS, told the boys to close down the group after Mia's death. JFS's position is that the school was not aware of the existence of the group chat before Mia's death.

## **III. CONCLUSION**

Those DEEPFAKES AI and other scourges spread rapidly like wildfire, the law, Ministries and Authorities need to sensitize the youths, those who are in contacts with social medias and videos platforms Kindly DO NOT BELIEVE THOSE Deep Fakes AI, Revenge Porn, CGI videos and photo manipulations that have been causing irreparable damages, worries, anxiety, health problems, mental psychological traumas to many families and couples. And the blackmailers have been extorting innocent people who were in grief.

For the husband is the head of the wife, even as Christ is the head of the church: and he is the saviour of the body. Ephesians 5:23

"But I have been the Lord your God, ever since you came out of Egypt. You shall acknowledge no God but me, no Savior except me. Hosea 13:4

'and the two shall become one flesh'; so then they are no longer two, but one flesh. Therefore what God has joined together, let not man separate." Mark 10:8-9

'for better, for worse, for richer, for poorer, in sickness and in health, to love and to cherish, until parted by death'
